

Hospice of Havasu's Transitions Program provides social services to people living with serious illnesses. The Transitions Team acts as a liaison between the client and their healthcare providers by communicating client needs to their providers.

The Transitions Team is available to meet with program participants as often as necessary to provide oversight and offer extra support that they or their caregivers need. The Transitions Program is offered at no charge, thanks to generous Hospice of Havasu donors.

The Transitions Team can help if any of the following are present:

- Multiple serious medical conditions
- Increased ER visits or hospitalizations
- Unexpected weight loss
- Physical decline
- Frequent calls to primary care provider
- Missed medical appointments
- Recurring infections
- Not emotionally ready for hospice care
- Transportation needs

The Transitions Team offers:

- Consultations with family/caregivers about "goals of care"
- Education about Home Health vs. Hospice care
- Caregiving options
- Caregiver support
- Emotional support
- Long Term Care planning
- Referrals to local resources
- Health Care Powers of Attorney
- Information about homebound meals
- Communication with your healthcare provider
- Dementia Education
 - Stages and types of dementia
 - Dementia disease progression
 - Challenging behaviors
 - Communication tips

Call the Transitions Team at 928-453-2111. Medical providers may fax a referral to 928-854-4903.
